

Do Your Best!
Akela Information Letter
April 21, 2015
Scientist 9 & 10

Dear Akelas,

This evening we will be switching back to the scientist achievement since the weather is not as warm to go outside. The boys will be observing a demonstration about how fog is created and learn about what causes it. Next, they will learn about how crystals are formed and together we will be growing sugar crystals. The crystals will take about a week to grow but this will build to the anticipation of what they will look like!

Reminder: No den meeting next week due to incoming 5th grade parent orientation at CMS

Important upcoming dates:

Apr 23 - Den Meeting

Apr 30 - No Den Meeting (Incoming 5th Grade Parent Orientation)

May 2 - Knoebels Scout Day

May 7 - Den Meeting

May 14 - Den Meeting

May 15-17 - Jambo (Kutztown)

May 21 - Den Meeting

May 28 - No Den Meeting

May 29 - Graduation (N. Catty Park)

Have a great week!

Yours in Scouting,

Webelos Leadership Team: Melissa Fischl, Shawn Regits, & James Polles
