Citizen Belt Loop 1 & 2, Citizen 1c & 2

Dear Akelas,

The Blue and Gold Banquet is rapidly approaching and the Webelos again worked hard on the requirements to earn the Webelos Badge in time for the Banquet. This evening they completed 2 of 3 requirements for the Citizen Belt Loop by developing a list of jobs they can do around the home and making a poster of what they can do to be a good citizen. Next they worked on some additional Citizen Activity Badge requirements including telling about one how one of the Citizen requirements they completed helped them be a good citizen. Finally we discussed who the President and Vice-President of the United States, Governor of Pennsylvania and the head of your local government was.

Home Assignment: Use the provided chart to track their progress of the jobs they completed around the house. Also, please finish any previously assigned home assignments not completed.

Akela Reminder: Please monitor your scouts Achievement progress to ensure they are on track to earn the Webelos Badge at the Blue & Gold Banquet. We will try to provide an updated list of their progress at each den meeting however, Scout Tracks is the official repository where their progress is tracked. All Akelas can and should monitor their scouts progress on the website:
