

# Do Your Best!

March 9, 2017

Grow Something 1 - 3

Dear Akelas,

Tonight the boys will be working on the Grow Something Adventure. We will first start by researching our growing zone and the types of plants that will grow in our area. Next we will research the Allentown Rose Garden, a community garden in our area, and learn about two of the plants that grow there. The boys will share what they learn. Finally, we will wrap-up the night by planting a marigold flower from a seed. The boys will need to care for the flower for 30 days (see home assignment) and update their den on the growth progress.

## Home Assignment

Care for your flower and bring either a picture or drawing of its growth to our next den meeting. We will continue this for the next 30 days.

Bring a collection of 10 items that all have something in common to share at our next den meeting on Collections. You should have a title for your collection and each item should be titled.

Yours in Scouting,  
Shawn Regits - Wolf Leader  
Nichole Regits - Assistant Wolf Leader

## IMPORTANT DATES:

- Mar 16: Den Meeting, 7pm
- Mar 23: Den Meeting, 7pm
